Comments and extended discussion

Plan for coming week (please describe as what, who, when)
- Lucas: Merge my work on the provider table view into the main repo and make changes as needed. Update provider and customer views as needed.
- Jonny: Continue working on filter/sort. Once finished with that, error handling on the front-end. Input validation.
- Jake: Finish roaster account page, update JWT with user ID, work on front end
- Garret: Update warehouse searching, add preferences to front end. Backend fixes and testing.
- Derek: Integrate subscribe page, then update/delete functionality
- All: -
